God in the "Round": for Trinity Sunday (tune: Frere Jacques)

God the Father, God the Father,
Christ his Son, Christ his Son,
And the Holy Spirit, and the Holy Spirit,
There in One, Three in One!
Holy Spirit, Holy Spirit,
Like a dove, like a dove;
Jesus came to save us, Jesus came to save us,
God is love, God is love!
Son and Father, Holy Spirit,
Trinity, Trinity,
Wondrous power and glory, wondrous power and glory,
Blessed are we! Blessed are we!
God the Father, God the Father,
Christ his Son, Christ his Son,
And the Holy Spirit, and the Holy Spirit,
Trinity, Three in One !

The Good Old Days: A Pensioner's Memories

We met and lived a long time ago
We worked long hours and wages were low.
No TV, no radio, no bath - times were hard;
Just a cold water tap and a walk up the yard.
No holidays abroad, no carpet on the floor,
We put coal on the fire and did not lock the door.
Our children arrived - no Pill in those days,
And we brought them up without State aid.
They could go and play safely on the park,
Old folks could go safely out in the dark.
No valium, no muggings, there was nothing to rob,
We felt we were rich with just a couple of bob.
People were happier in those far off days -
Caring and kinder in so many ways.
Milkmen and paper boys would whistle and sing;
A night at the pictures was our mad fling!
We all had our share of trouble and strife
We just had to face it, it's the pattern of life.
I remember the blessings, our home and our love,
As we shared them together - I thank God above.

Noah 2017

In the year 2017 the Lord came unto Noah, who was now living in Britain, and said, "Once again the earth has become wicked and over-populated, and I see the end of all flesh before me. Build another Ark and save two of every kind along with a few good humans, thy sons and their wives."

He gave Noah the blueprints, saying, "You have 6 months to build the Ark before I will start the unending rain for 40 days and 40 nights."

Six months later, the Lord looked down and saw Noah weeping in his yard - but no Ark.

"Noah!" he roared, "I'm about to start the rain! Where is the Ark?"

"Forgive me Lord," begged Noah, "but things have changed. I needed a building permit. I've been arguing with the inspector about the need for a sprinkler system. My neighbours claim that I've violated local byelaws by building the Ark in my yard and exceeding the height limitations. We had to go to an Appeals Tribunal for a decision.

Then the National Grid demanded a bond be deposited for the future costs of moving power lines and other overhead obstructions, to clear the passage for the Ark's move to the sea. I told them that the sea would be coming to us, but they wouldn't listen!

Getting the wood was another problem. There's a ban on cutting local trees in order to save the spotted owl. I tried to convince the environmentalists that I needed the wood to save the owls - but they wouldn't listen!

When I started gathering the animals, I got sued by an animal rights group. They insisted that I was confining wild animals against their will. They argued the accommodation was too restrictive, and it was cruel and inhumane to put so many animals in a confined space. I am required to apply for 834 different licences to keep wild animals on private property.

Then I was told that I couldn't build the Ark until an environmental impact study had been conducted on your proposed flood. Further, the pitch to water-proof the Ark is a banned substance now as it is damaging to the environment.

Immigration is checking the status of most of the people who want to work. The scaffolding to build the superstructure is not approved by the Health and Safety Executive and is forbidden to use except for private structures less than 5 cubits ...

The trade unions say I can't use my sons. They insist I have to hire only Union workers with Ark-building experience.

To make matters worse, the Fraud Officer and the RSPCA seized all my assets, claiming I'm trying to leave the country illegally with endangered species.

So, forgive me Lord, but it would take at least 100 years for me to finish this Ark."

Suddenly the skies cleared, the sun began to shine, and a rainbow stretched across the sky. Noah looked up in wonder and asked, "You mean you're not going to destroy the world?"

"No," said the Lord. "The Government beat me to it."

Appeared in Church Bulletins

Miss Charlene Mason sang "I will not pass this way again", giving obvious pleasure to the congregation.

For those of you who have children, and don't know it, we have a nursery downstairs.

Notice in the kitchen of a Church Hall:

'Ladies, when you have emptied the teapot please stand upside down in the sink'..... to which someone has added: 'No hot bottoms on the formica, please!'

From Rev Marian

May 2018

Dear Friends,

Over the years, in Methodist Churches, usually when a committee (perhaps a Church Council) has been required to do things in a particular way, someone will ask:

‘Who says we have to do it this way?’

and there is usually someone who will answer: ‘Conference’!

The Methodist Conference meets each year around the end of June and the beginning of July. This year its representative session, which includes ministers and laypeople, will be meeting from June 29th to July 5th in Nottingham with Ordination Services taking place on Sunday July 1st. these are ‘ticket only’ services and, because large churches are needed, we sometimes borrow from other denominations!

Decisions which affect us in small, local churches, are made by representatives to the Methodist Conference. Some of those representatives are there because of the office they hold within the Church nationally (or, to use Methodist language ‘Connexionally’), others are elected by Synods, so the Wales Synod elected a number of people to represent the churches of this Methodist District.

Our General Church Meeting elects representatives to the Church Council; the Church Council has representatives – the Church Treasurer, a Church Steward and people appointed by the Church Council – who attend the Circuit Meeting; the Circuit Meeting appoints representatives to the District Synod. So, you can see that the decisions affecting our church are made by people like you and me, people based in local churches in towns, villages and cities throughout Great Britain. These include representatives from Methodist Churches overseas and a small number from other denominations in this country. A while ago, I was at a national committee of which I’m a member and someone asked for the dates of this year’s Methodist Conference. The first to find the relevant dates was a Roman Catholic priest who is an ecumenical representative to our Conference!

For us, the pattern looks like this:

Welshpool Methodist Church has a

General Church Meeting which elects representatives to the

Church Council which appoints representatives to the

Welshpool and Bro Hafren Circuit Meeting which appoints
representatives to the

Wales Synod which elects representatives to the

Methodist Conference which makes the decisions that affect us.

Over the years, I have encouraged people who have never been to Conference to visit, if they are in the area. It's become more difficult to do that but, if you are in Nottingham at the beginning of July, drop into the University, where this year's Conference will be held. There are seats allocated for visitors and observers and stewards on duty to guide you.

I was a member of Conference for nearly 30 years yet, like you, there are times when I disagree with the decisions that have been made. As a Methodist Minister, I'm required to abide by the decisions of Conference! I've always been in awe of those lay people who take a week or more of their holiday from work to attend. That's some commitment!

If you are in Nottingham, near the University, do go in. Who knows what you could bring back ... maybe a longing to attend as a representative! Not everyone can do that so the Secretary of the Methodist Conference, the Rev'd Canon Gareth Powell, is coming to us on May 13th. Do be there to give him a brilliant 'Welshpool' welcome!

Peace!

Marian
